

The screenshot displays the Postman API client interface. On the left, the 'My Workspace' sidebar shows a collection named 'Petstore V3' with a sub-collection 'User'. The 'User' sub-collection contains several endpoints, with 'GET Get user by username' selected. The main panel shows the details of this request. The URL is 'https://petstore.swagger.io/v2/user/{username}'. The request is a GET method. The 'Body' tab is active, showing a JSON response in 'Pretty' format. The response status is '200 OK' with a response time of 600 ms and a body size of 513 B. The JSON response contains user details.
